Seminar program 2017 in English

Paracelsus Academy

Dr. Rau's educational program to learn Paracelsus' Biological Medicine

The program is divided into 8 modules by 2 days each, 2 of them we provide as online seminars and 6 as real "frontal" teaching seminars. Each seminar is "closed" in itself and they can be attended in any sequence. After attending the 8 seminars you get entitled to come for a 1 week internship to Paracelsus Clinic and learn and "shadow" with the doctors and dentists of the clinic. You also get "**The Paracelsus Academy Certificate for Biological Medicine**" which enables you to become a Paracelsus Clinic associated practitioner and be part of the international network. The seminars enables you to practice this medicine in your practice.

Target Group

Experienced healthcare professionals such as doctors, dentists, naturopathic doctors, therapists and laypeople interested to learn Biological Medicine

Main speakers

Dr. med. Thomas Rau, Dr. med. Ralf Oettmeier, Dr. med. Kathrin Anselm
Dr. med. Dr. med. Dent. Josef Vizkelety, Dr. med. Geoffrey Hürtgen,
Dr. Ioannis Vogiatzis

Price

Each Seminar is CHF 550. You mostly get an early bird discount if you order and pay online in advance.

Paracelsus Academy – our academy to learn Biological Medicine

Paracelsus Clinic comprises four departments, a medical clinic, a dental clinic a pharmacy and the Paracelsus Academy. At Paracelsus Academy, we offer a broad program in German and English to teach both, the theoretical and the practical use and application of biological medicine. Every year, more than a hundred physicians, dentists, alternative practitioners and other people interested in medicine attend classes at our academy. The academy contributes to Paracelsus Clinic's solid international network.
