GROW EDUCATION Planting Knowledge, Cultivating Community

OUR MISSION:

To educate students, support teachers and engage families within the New Bedford public school system, focusing on topics and opportunities related to ecological literacy, health and sustainability.

COMMUNITY CULTIVATION:

- Community dinners
- Neighborhood workshops

INDOOR PROJECT-BASED LEARNING:

- STEAM themed classroom guest speakers
- Seedlings in the classroom
- Square-foot garden mapping

OUTDOOR EXPERIENTIAL LEARNING:

- Planting seedlings
- Soil health lessons
- Compost lessons

HARVESTING CELEBRATION:

- Cooking demonstrations
- Community harvest events
