PLANNING A GARDEN

Now you get to design your own square foot garden!

Directions: Using the template below and the square foot planning guide provided by your instructor. Select a plant for each of the spaces available in your garden. In each box, record the name of the plant you have selected and the recommended number of plants, according to the guide.

MY SQUARE FOOT GARDEN

★ PLANT NUMBER ★

How many plants have you planned to plant in your garden? Explain.

★ OVERPLANTING ★

What do you think would happen if you planted double the number of recommended plants per square foot? Explain.
